Dear Bonnie,

Thank you so much for the wonderful job you did for us, not once, but twice.

In very tough market conditions, you were able to effect two successful closings for us. You and your team have been the consummate professionals, always on top of every detail.

Your knowledge of the market and your advice on pricing appropriately was invaluable. You followed through every step of the way, and worked with the buyers and their agents under sometimes difficult conditions.

I am so happy to have worked with you, and would recommend you highly to any future clients.

Warm regards,

Peggy Pettit
