To: Ilene Tessler, Turnberry International

Ilene,

My wife and I wish to thank you and your team for an impeccable real estate experience and transaction. It is increasingly rare to find an agent as genuinely committed and highly professional as you proved to be. It was refreshing to feel so well protected and counseled in all aspects of our purchase. Often, buyers are left feeling somewhat "abandoned" by their representatives after signing a contract, but you stuck by our side and defended our interests to the very end, even if that meant a smaller commission for your office.

Your integrity, foresight, and wisdom are without equal. We feel fortunate to have had you as our agent and thank you from the bottom of our heart for all your hard work and friendship. My wife and I truly felt as part of the Turnberry family.

We wish you continued success in all your endeavors.

Cheers!
